Dear Source Refrigeration,

We would like to acknowledge that alongside our Publix associates, you are also making adjustments to continue to serve Publix and our communities in this time of need due to this COVID-19 Virus.

Publix's philosophy since it was founded by George Jenkins has always been, "Publix will be a little better- or not quite as good because of you."

On behalf of the Facility Services Vendor Management Team – Thank you! We are grateful for the strong relationships we have strengthen with you over the past several years; your dedication and support are truly appreciated!

Sincerely,
Facility Services Vendor Management Team
